20's Plenty for us Campaign

We aim to reduce excessive speed in areas where the roads are too narrow and traffic moves too quickly, and especially those areas where there are no footpaths or pavements.

A recent 20's Plenty campaign meeting attended and supported by many County Councillors shows there is tremendous support for the initiative. The campaign is requesting that funding be applied for from central Government and from Director of Public Health.

Devon and Cornwall Police and the Police & Crime Commissioner, Alison Hernandez have already agreed their full support for this measure.

With a request for the Parish to table a motion of support.

A MoP had contacted the Clerk prior to this meeting expressing very strong support for this campaign.

It was **Resolved** for Landewednack Parish Council to support 20's Plenty for Cornwall's aim for default 20mph limits where people live, work, shop, play, learn and spend leisure time with signage and public engagement. (Proposed Cllr Wheeler)

Community Link Officer - The Forest for Cornwall team is pleased to offer a free celebratory Landmark Tree to all Cornish communities. The aim of this initiative is to offer communities the opportunity to celebrate their community through planting a 2-2.5m (6-8') tree which will be supplied free by the Forest for Cornwall with support from the Woodland Trust through their Emergency Tree Funding of the Forest for Cornwall's Forest for My Place.

The Clerk will liaise with Cllrs regarding a request for suitable tree and location.

A MoP had written to the Council expressing grave concern over the response to a planning application being taken to committee, and the lack of acknowledgement of the Parish Council's response with additional comment.

Cllr Soady was asked for comment about the committee meeting he attended online, and explained that he was not given the opportunity to present the Parish Council's concerns, and his role as an elected member of Cornwall Council was simply to express an opinion based on the information given.
